

## Welcome to your digital customer experience.

myBühler presents an overview of your Bühler equipment, including documents such as user manuals and spare parts catalogs. This makes it easy to find the parts you are looking for. In addition, your purchasing process is streamlined thanks to direct access to price and part information and the possibility of directly creating quotations and orders.

## Easy to do business with Bühler!

### Quick

Placing orders and creating quotations just became faster. myBühler saves you time with the option to get your quotation or place your order right away. Just choose your required part, click and your parts are on their way. Moreover, you can connect your purchasing system to myBühler with our integration options. No matter which purchasing system you run, we can integrate it in myBühler and speed up your purchasing process.

### Convenient

Tired of searching for your manuals everywhere? myBühler provides information about your machines, parts, quotations, orders and documents, available 24/7. Includes a list of parts per machine, 360° parts pictures, find my part service, frequently ordered parts and your purchasing history. You get easy access to all relevant information.

### Reliable

In order to have a safe and reliable experience, myBühler is certified according ISO/IEC 27001:2013.

“Great product that is geared towards speed. It made my job so much easier and faster.”
